Elementary Student recognized at Burlington County Prosecutor's awards banquet.

Edward Grinnan, a 5th-grade student at Riverside Elementary School, successfully performed the Heimlich Maneuver on a classmate who was choking in the school cafeteria this past February.

Edward, who attended the banquet with his family, said he learned the maneuver from repeatedly reading a poster explaining it while waiting in the cafeteria lunch line. It proved to be lifesaving for his classmate and his fast action was recognized along with the achievements of several of the county's finest police officers.
